

Medium Duty Toolbox

Market Need:

- Access to tools and supplies in mid-sized height drawers up to 125 lbs.

Design Challenges:

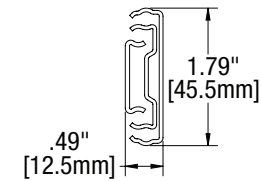

- Access to drawer content
- Effective closure
- Simple attachment methods
- Smooth and quiet operation
- Safety and security

KV Solution:

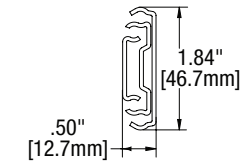

Sliding system that is right-sized for the application. Slide features incorporated into a design like this include:

- Precision ball bearing technology
- Slide travel from full to over-travel
- Hold in detent
- Metal attachment features like beltloops, bayonets etc.
- Bumpers and stops to reduce noise
- Soft-close or push to open mechanisms
- Anti-Tilt mechanism
- Locking mechanisms
- Black or Zinc finish

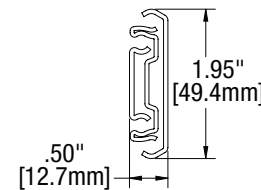

- 45.5mm (1.79") tall
- 3 members partial to over extension
- 12.5mm (.49") wide
- 100 lb. load rating
