88/888 Wood Shelf Anchors®

1. Product Name

88/888 Series Wood Shelf Anchors. For display storage applications that use 5/8" or 3/4" thick shelving

2. Manufacturer

Knapé & Vogt® Manufacturing Company
2700 Oak Industrial Dr. NE, Grand Rapids, MI USA 49505-6026
616.459.3311 | www.kv.com

3. Product Description

Basic Use: 88/888 Series Wood Shelf Anchors are manufactured for display storage for business and residential storage. Mounts to most wall types.

Composition and Materials:

Sizes:

88 Series Standards: 1.575" deep x 2.706" high

888 Series Standards: 1.575" deep x 2.831" high

Length: 21", 31.5", or 42" (some lengths not available in all styles)

Finishes:

88 Series Standards: Almond (ALM), Black (BLK) or White (WH).

888 Series Standards: Black (BLK) or White (WH).

4. Technical Data

Applicable Standards: Shelf anchors are tested to meet or exceed ANSI performance standards as established by BHMA.

These load limits are intended to be used as general guidelines only, and no warranty—expressed or implied—is made by Knapé & Vogt.

Results were obtained by laboratory testing in accordance with ANSI/ BHMA A156.9-2003 performance standard. (Load ratings based on brackets being mounted on 16" centers. Wider spacing will result in reduced load capacity.) Actual use conditions will typically result in lower load capacity than laboratory conditions.

Representative testing in a fully configured application is the only way to assure proper performance, durability, and safety. Contact KV for verification testing service of your specific application.

Environmental Considerations:

Environment: Excessive humidity, salts, or other chemical agents can corrode the finish and attack metal or plastic components.

Fastening: Inadequate or incorrect fasteners can result in the shelf anchors pulling loose and causing damage.

Alignment: Improper alignment can result in an installation that is ineffective and unsafe.

5. Installation

For maximum loading capacity, shelf anchors should be mounted directly to wall studs, which are generally found on 16" centers. Prior to drilling all holes, check to be sure that the shelf anchor is vertically level.

Attach one end of the shelf anchor to wall stud by fastening one screw (provided) through the screw hole on the end. Position the shelf anchor and level. Attach the other end of the shelf anchor to wall stud by fastening one screw (provided) through the screw hole on the opposite end. Fasten screws in remaining holes.

Center shelf in anchor and push into anchor to lock in place.

6. Availability and Cost

Availability: Knapé & Vogt (KV) products are available from stocking distributors and through KV Representatives worldwide.

Cost: Current pricing is available from area KV Representatives. Please call for the nearest representative at: 800.253.1561.

7. Warranty

Limited Lifetime Warranty: Knapé & Vogt offers its standard Limited Lifetime Warranty to the initial purchaser of commercial products. This warranty covers defects in materials and workmanship which occur during normal use, and the remedy is limited to repair or replacement of defective products, at KV's option. Certain types of defects and damage are excluded from warranty coverage, costs and expenses are not covered, and additional restrictions apply. A copy of the Limited Lifetime Warranty, with all warranty details, limitations and disclaimers, is available on the Customer Care Connection location at www.kv.com or from KV Customer Service, 2700 Oak Industrial Drive, Grand Rapids, MI 49505, 800.253.1561.

8. Maintenance

88/888 Series Wood Shelf Anchors require no maintenance. Inspect for proper fit periodically and adjust when necessary. Replace as required or recommended by application.

9. Technical Services

Knapé & Vogt and area representatives can assist with any application. For further information, or for the name of the representative nearest you, please call Knapé & Vogt Customer Service: 800.253.1561 or visit our website at: www.kv.com.

10. Filing Systems

Additional product information, data sheets, application sheets, and a full catalog are available upon request from Knapé & Vogt.
