Adjustable Soft-Close Feature

Impro Adjustable Soft-Close Hinge introduces a totally new standard to the world of furniture accessories with adjustable soft closing system ensuring silence to furniture doors.

5-stage soft-close mechanism of Impro Adjustable Soft-Close Hinge can be deactivated at stage Zero [0]. Adjustable mechanism, tolerates the change of material, size and weight of the cabinet door. It is advised to use Stage 1 if the door weight is light. Closing speed can be adjusted according to the weight of the door at different stages. For extra applications to be applied on the door, it ensures ease of use without changing the hinge.
